

API Feeds

BOSS API Overview:

Unlock the Power of Live Yacht Data

YATCO's BOSS API suite is designed to empower brokerages and professionals with real-time access to verified yacht data through our live data feed. Whether you're looking to display listings on your website, analyze global inventory, or automate yacht brochures, BOSS API solutions save time, reduce manual errors and expand your digital reach—all while keeping you in control of your data.

BOSS System Data Flow

1-Way API: Live Listing Integration

- Real-time live listings feed from YATCO into your database or website.
- Integrates easily with YATCO's WordPress Plugin or custom CMS platforms.
- Includes Central Agency listings eligible for co-brokerage.
- Ideal for clients wanting passive listing display from YATCO.

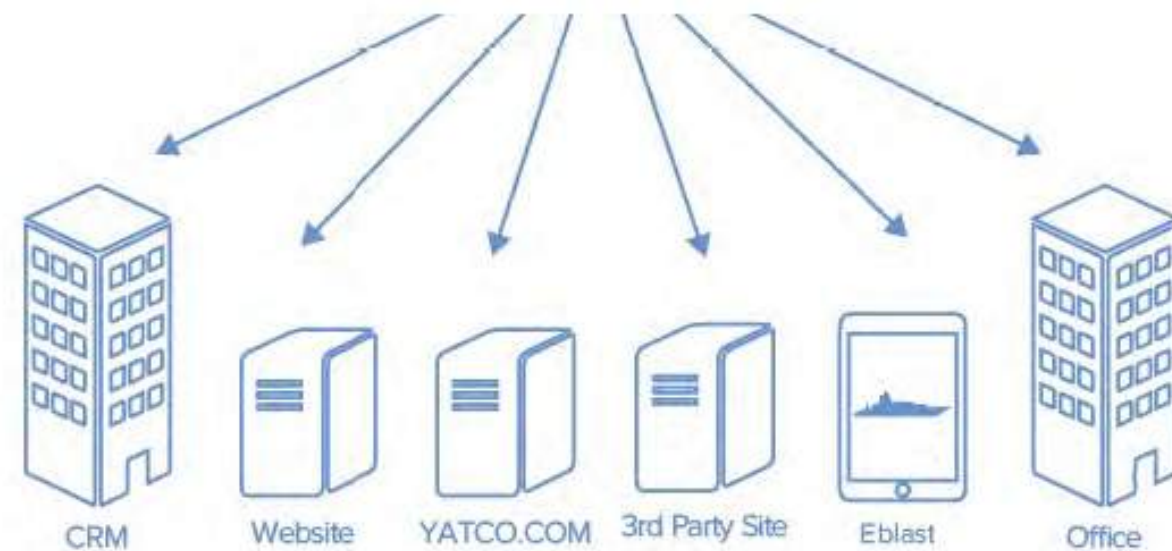

Your System Data

Yacht Data

BOSS System Data Flow

2-Way API: Dynamic Listing Exchange

- Push your listings to YATCO while receiving listings back to your system.
- Increased visibility with enhanced control over published content.
- Streamline listing updates and reduce duplicate entries.

BOSS System Data Flow

DEX Feed

Next Generation Market Data Solutions

- Access every listing in the YATCO MLS
- Import and analyze data to support reporting, software tools, and business decisions
- Includes complete metadata: images, specs, prices, locations, & descriptions
- Best suited for large brokerages and firms with advanced tech infrastructure

The API Advantage

All YATCO BOSS API solutions are powered by YATCO's industry-leading Data Exchange (DEX) Technology, offering unmatched benefits:

- Live feed delivery ensures your listings are always current – no outdated uploads.
- Eliminates duplicate entries and fewer manual updates simplify workflows and reduce human error.
- Fast integration and scalability make setup and growth seamless.
- All data comes from professional yacht brokers, ensuring reliability and professionalism.

YATCO is built on a foundation of **data ownership, transparency, and value**. We offer **flat-rate pricing** that includes **access to a full suite of verified yacht listings—no per-listing fees**. With BOSS, you maintain **complete ownership of your data** while benefiting from **live, high-quality feeds** that seamlessly **support your digital growth strategy**.
